FACULTY APPOINTMENT HANDBOOK

Lisa Bargabus, summer-payroll@ucsd.edu
Matt Sapien, summer-scheduling@ucsd.edu
Becky Arce, Director, x47074
Welcome to Summer Session 2019!

The Faculty Appointment Process is Different for Summer Session

Summer procedures for hiring and approving faculty to teach differ slightly from the academic year. Faculty are hired as “by agreement”. Open recruitment is not required for Summer Session appointments. An appointment letter is generated by Summer Session or ASES after appointments are confirmed to be within campus policy. To verify that an instructor is eligible to teach, please refer to Academic Personnel Manual, APM-661 and APM-662.

Faculty Appointment Goal: To list as many instructors as possible in the Schedule of Classes when it goes live on March 21, 2019.

Historical data shows that students are hesitant to enroll in Summer Session if they don’t know who is teaching a course. Summer Session wants to avoid cancelling courses due to low enrollment, so getting instructors assigned to the Schedule of Classes as soon as possible is important. Summer Session cannot add a visiting instructor to the Schedule of Classes until they accept their Appointment Letter and their appointment is active in PPS. We need your help to make that happen.

Using this Handbook

The information provided in this handbook includes sample appointment documentation, as well as guidelines and procedures outlined in the 2019 Summer Session Guidebook. Both this handbook and the 2019 Summer Session Guidebook can be found at the Summer Session website under the tab “Staff and Faculty Resources” at summersession.ucsd.edu.

Thank YOU for Making Summer Session a Success!

The success of Summer Session depends on academic departments, colleges and programs hiring a balanced combination of UC San Diego faculty, Associates-In, and visiting instructors. We appreciate your spirit of teamwork to make Summer Session 2019 a success!

WHAT’S NEW FOR SUMMER 2019

Courses
• Departments will use the Instructional Scheduling Assistant (ISA) to schedule Summer Session 2019 courses.
• Reminder to plan ahead – campus is closed on the Independence Day (July 4th) and Labor Day (September 2nd) holidays. Please schedule any make-up sessions before your courses are posted on the Schedule of Classes.

Faculty
• Maximum course salary has increased from $10,000 to $12,000.
• ASES has been renamed the IA System. Departments will submit Associates-In appointments through the IA System for approval.

Programs
• Summer Session is supporting the campus-wide Strategic Academic Program Development (SAPD) initiative.
• 2019 Success Programs are pending EVC approval.

Students
• Applications for enrollment in Special Studies Courses will use EASy (Enrollment Authorization System).
• New deadlines for dropping Summer Session courses with a “W” will be set at third week. A “W” will now be assigned if an undergraduate student drops a Summer Session class between the following dates:
  Session 1: July 13-19
  Session 2: August 17-23

Administrative Info
• The Summer Session office has moved to the SERF (Science and Engineering Research Facility) building. The SERF building is EAST of the Price Center, and Summer Session is located on the first floor (Rooms 120-122).
• Summer Session 2019 reports will use third-week enrollment data. Previously, Summer Session reports used end-of-term data. You will see this change reflected in the Five-Year Enrollment Report.
• Coming soon – a new summer.ucsd.edu website. To support all of the summer programming offered by UC San Diego faculty, the current Summer Session website, summer.ucsd.edu, will be redesigned with a broader focus. The new website will include information for Summer Session, as well as Success Programs, SAPD programs, and enrichment (non-credit) programs. The Summer Session specific website will be relocated to summersession.ucsd.edu.
• Keep up with the latest Summer Session news in the Scoop. Stay up-to-date with deadline reminders and any updates by subscribing to The Summer Scoop – a weekly newsletter sent out by the Summer Session office.

Pay Dates for Summer Session 2019
   Session 1 – 8/1/19  
   Session 2 – 8/30/19  
   Special Session – Either 8/1/19 or 8/30/19

Eligibility Criteria
Departments are required to verify eligibility for each proposed instructor. Please review Academic Personnel Manual, APM-661 and APM-662 (See pgs. 12-17).

Annual Salary on June 30, 2019
Even though Summer Session courses are taught July-September, all Summer Session instructors are paid based on their annual salary on June 30, 2019.

Visiting Instructors
Summer Session must pay visiting instructors an annual salary that corresponds to UC San Diego faculty with comparable experience.

Departments recommend an annual salary that aligns with UC San Diego salary scales and is consistent with other department faculty with similar experience and degrees. The pay rates in effect as of June 30, 2019 must be used - NOT July 1, 2019.

Visiting Lecturer (1550): Use the Unit 18 Salary Scale, 7/1/18.  

Visiting Professor: Use the Professor Salary Scales, 7/1/18.  
Additional academic salary scales are located here.

FERPA Training for Instructors
Summer Session faculty with access to student records must comply with the Federal Family Educational Rights and Privacy Act (FERPA) by taking an online FERPA course. This includes visiting Summer Session instructors. The FERPA course is offered via UC Learning Center, takes about 30 minutes to complete, and is valid for 3 years.

More details about the FERPA training requirement are at:
https://blink.ucsd.edu/instructors/advising/confidentiality.html
SUMMER SESSION COMPENSATION ~ CONTINUED

Fiscal Year Employees Cannot Exceed 100% Appointment
Fiscal year academic and staff employees may teach in Summer Session by exception only. An exception memo must state how the employee’s primary appointment will be adjusted so that the Summer Session course(s) do not cause him/her to exceed 100% appointment.

Two options are:
1. Use vacation days
2. Reduce current fiscal year appointment to 50% during the course dates.

Fiscal year appointees may earn a maximum of 1/12th additional compensation to teach Summer Session. (See APM 600.)

Reducing a fiscal year appointment will impact an employee’s retirement and benefit accruals. Summer Session recommends consulting with HR to understand the consequences of reducing a fiscal year appointment before accepting a Summer Session teaching appointment.

Science Lab Bonus – Biological Sciences Division & Physical Sciences Division
On a per course basis, faculty teaching wet lab science courses (2 or more Units) with enrollment of 20 or more students may be eligible for a Science Lab Bonus of 87.5% of their Summer Session Course Salary.
Special Compensation for Summer Programs

Summer Success Programs – Success Bonus
Instructors of record teaching courses for Summer Success Programs may be eligible for a Success Bonus of $500 per week, at the discretion of the Success Program Director. In Summer 2018, Success Bonuses were paid for the following programs:
- Summer Bridge
- Summer Engineering Institute
- Triton Freshman Scholars

Summer Graduate Teaching Scholars (SGTS)
The Summer Graduate Teaching Scholars (SGTS) is an Academic Affairs program that provides graduate students with faculty-mentored teaching experience and professional development training through the Teaching + Learning Commons. Departments nominate graduate students in November to teach the following summer. An interdisciplinary selection committee reviews the nominations and award recipients are announced at the end of fall quarter.

Graduate students selected for the SGTS program are awarded extra compensation for their participation in mentor sessions with a faculty mentor, the Center for Engaged Teaching, and former SGTS scholars. SGTS faculty mentors also receive a $500 stipend to their research fund. The total payments to program participants are:

Summer Session Instructional Support

Teaching Assistant (TA) Allocation
Departments will continue to receive block funding for TA/Reader/Tutor instructional support. Please see the Summer Session Guidebook for details regarding the TA Allocation formula.

Department Administrative Support Program (DASP)
Departments will also receive $500 per course (for courses with enrollment of 10 or more students) $13 (Arts & Humanities, social sciences) or $33 (engineering, Biological and Physical Sciences) per student.

The entire TA Allocation and DASP amount will be transferred to departments for the November Ledger period.

¹A current CV is not required for repeat Visiting Faculty who have taught for Summer Session on a continuous basis. A current CV is required if there is a break in summer teaching or if the instructor is new and has never taught for Summer Session.

²If Researcher has an underlying professorial appointment, use the corresponding Summer Session Title Code from Sun God Group, Column 2.

³Full-time HCOMP faculty are not eligible to receive additional compensation for teaching Summer Session courses per APM-662.

Rev. 1-11-16
Appointment File Process ~ Red Shoe & Stonehenge Groups

Creating Summer Session Appointment Files

1. Use the chart on page 11 to identify which documents are required for your instructor.

2. See Appendix B on page 20 for sample completed forms. Download blank forms at: 
   https://academicaffairs.ucsd.edu/aps/advance-train/forms.html#Appointments

3. Address Department Chair Memo to:
   
   John C. Moore, Dean of Undergraduate Education

4. Save all required documents into one PDF file. Name the file as shown on page 13.

   Example:

   TWAIN, MARK-LIT-V1-02_18_16

   Last Name (CAPS), First Name (CAPS) - Dept. Abbrev. (CAPS) - V (for Version) # (1 for initial submittal)-MM_DD_YY

   Note: The Version# will change upon re-submittal, i.e. V2, V3 (same instructor). Processing of late submittals and re-submittals will occur after files that were submitted before the deadline.

Submitting Appointment Files through SharePoint

1. Click on the SharePoint link:
   https://evc-share-campus.ucsd.edu/resourceadmin/summer/faculty-files/

2. Login using your AD username and password (which is your UCSD email username and password.)

3. Click Add document, and select the PDF appointment file to upload.

   Please contact Lisa at summer-payroll@ucsd.edu (x25064) if you need SharePoint access.

Additional Compensation: Summer Session Teaching

661-0 Policy

Academic appointees may receive additional compensation for Summer Session teaching. For Additional Compensation: Additional Teaching, see APM - 662 and for Additional Compensation: University Extension (UNEX), see APM - 663.

661-14 Eligibility

Only the following academic appointees may receive additional compensation for Summer Session teaching:

a. Academic-year appointees;

b. Appointees holding split appointments partly on an academic-year basis and partly on a fiscal-year basis, provided the fiscal-year portion of the appointment is less than half-time during the Summer Session period;

c. Full-time fiscal-year faculty appointees who are granted a temporary reduction in their percentage of appointment or those who relinquish outside professional activity days or vacation days equal to one day for every six contact or podium hours with students;

d. Part-time fiscal-year faculty who are granted a temporary increase in their percentage of appointment. Fiscal-year faculty appointed less than 50 percent in a Health Sciences Compensation Plan school cannot increase the percentage of appointment to more than 50 percent;

e. Full-time fiscal-year non-faculty appointees who are granted the use of vacation days or a temporary percentage reduction in their current appointment.

661-16 Restrictions

a. Compensation for academic-year appointees may not exceed three-ninths during the summer period.

---

1Any appointment more than 50 percent affects a faculty member’s eligibility to participate in the Health Sciences Compensation Plan. (See APM - 670, Health Sciences Compensation Plan.)
Additional Compensation: Summer Session Teaching

b. Compensation for fiscal-year appointees may not exceed one-twelfth of the annual salary per month of teaching. This is effective for appointments made July 1, 2014 or later. Those appointed prior to July 1, 2014 to the Professor, Astronomer or Agronomist series are eligible for payments up to one-eleventh of the annual salary of a fiscal-year appointee.

c. These additional compensation maximums are cumulative of all concurrent sources of additional University compensation.

d. Full-time Health Sciences Compensation Plan faculty are not eligible to receive additional compensation for Summer Session teaching.

661-18 Salary

a. Summer Session teaching

The amount of pay is negotiated based on the teaching load. Each campus shall determine the formula by which pay is calculated.

b. Additional compensation for Summer Session teaching shall be calculated based on the salary rate in effect June 30 of the calendar year in which the Summer Session begins.

c. Faculty shall inform the department chair of the home campus when teaching Summer Session at a University campus other than the home campus to insure pay is accurate and does not exceed policy limits.

661-24 Authority

Each Chancellor is authorized to approve additional compensation for Summer Session teaching for eligible academic appointees.
662-0 Policy

Full-time faculty members may receive additional compensation after obtaining pre-approval from the faculty member’s department chair for specific additional University of California teaching activities as outlined below. For Additional Compensation: Summer Session, see APM - 661 and for Additional Compensation: University Extension (UNEX), see APM - 663.

662-2 Purpose

Compensation for additional teaching is a privilege that must be consistent with the principles in APM - 025 and APM - 671 and not interfere with normal University duties. As a prerequisite for such additional compensation, the faculty member must carry the full approved teaching load for his or her department, even if he or she normally teaches less. Department chairs must take special care to assure that faculty, especially assistant professors, are able to meet expectations for all their responsibilities in teaching, research/creative work, and University and public service.

662-8 Additional Teaching Eligible for Additional Compensation

Two kinds of teaching are eligible for additional compensation, when beyond the assigned teaching load:

a. Teaching of matriculated students in self-supporting University degree or UNEX courses and programs (see APM - 663 for UNEX).

b. Teaching of non-matriculated students, including those in UNEX courses and programs (see APM - 663) and other continuing education courses and programs run by the University.

662-9 Additional Teaching During Summer Period (other than in Summer Session)

Faculty receiving summer compensation may engage in additional teaching up to the APM - 025 limit of one day per week inclusive of all Category I and II outside professional activities performed.
662-14 **Eligibility**

Faculty titles covered by this policy are listed in APM - 110-4-(15). Faculty participating in the Health Sciences Compensation Plan are subject to the Plan and local campus Implementing Procedures regarding income from additional teaching. See APM - 670, Health Sciences Compensation Plan and APM - 671, Conflict of Commitment and Outside Activities of Health Sciences Compensation Plan Participants, for additional information on the Plan.

662-16 **Restrictions**

Teaching activities ineligible for additional compensation are:

a. Any course assigned by the department chair as part of the faculty member’s assigned teaching load, including:

   1) A course in a self-supporting degree program (funds from the self-supporting degree program are used to pay for this portion of the faculty member’s assigned teaching load);

   2) Extra teaching duties assigned in place of research and/or service; or

   3) Courses taught in less common modes or locations (e.g., online, off-site, at another campus).

b. Extra courses that are taken on voluntarily are ineligible for additional compensation.

662-17 **Limitations on Time**

a. Time spent on additional teaching during the academic year or when receiving University compensation or University summer compensation will be deducted from the days available for outside activities provided in APM - 025, and as applicable, under APM - 671.

b. The following rules for calculating time under APM - 025 and APM - 671 must be used, regardless of how much time is actually spent:

   1) For traditional or hybrid in-person instructional formats (lectures, discussions), every six contact or “podium” hours spent with students equals one day.
2) For fully online courses, hours will ordinarily be determined under the assumption that online courses require workloads equivalent to the same or similar in-person course formats.

3) The Chancellor may establish types of teaching for which time calculations may vary, e.g., field supervision, practicums, and established online courses producing lower levels of instructor engagement.

c. Additional teaching hours count toward the limits applicable at the time the teaching takes place. For example, teaching done during the academic year is counted toward the limits that apply during that academic year and may not be paid on a summer-ninths basis. For courses that span the academic year and the beginning or end of the summer or off-duty period, the time shall be allocated in proportion to when the work was performed.

d. Exceptions to the time limit are not allowed for faculty during any period in which they receive part or all of their salary directly charged to contracts and grants.

662-24 Authority

The Chancellor may grant exceptions to the time limits which shall be confirmed in writing prior to the conduct of additional teaching. Such exceptions may be granted:

a. When specific individuals teach beyond the limits, or when all individuals are teaching in a specific additional teaching program, such as a self-supporting degree program. Any individual who teaches beyond the time limits assumes full responsibility for ensuring that full-time effort is devoted to regular University duties;

b. When course assignments are reduced due to other University service, such as serving as department chair;

c. To the general time calculation rule in APM - 662-17.

Other exceptions to this policy, such as payment for courses taught off-site or conducted in University-sponsored for-profit programs, may be recommended for approval by the Chancellor to the Provost and Executive Vice President.
Sample Documents

Departments are responsible for gathering the required documents for the Stonehenge and Red Shoe Groups appointment files. See chart on Page 9 for list of required documents based on faculty type.

Please refer to the Graduate Division presentation for details on Associates-In (Triton Group) appointments.

The following pages contain samples of the required appointment file documents. If you have any questions, please contact Lisa Bargabus at summer-payroll@ucsd.edu (x25064).

RE: Appointment for Steve Software as Visiting Lecturer, Summer Session 2019

The Department of Computer Science and Engineering proposes the appointment of Steve Software as a Visiting Lecturer for Summer Session 2, 2019 at an annual salary of $101,479 (7/1/18 Unit 18) to teach the course listed below:

Course Title: CSE 5A. Introduction to Programming I (4) Introduction to algorithms and top-down problem solving. Introduction to the C language, including functions, arrays, and standard libraries. Basic skills for using a PC graphical user interface operating system environment. File maintenance utilities are covered. A student may not receive credit for CSE 5A after receiving credit for CSE 11 or CSE 8B. Recommended preparation: A familiarity with high school-level algebra is expected, but this course assumes no prior programming knowledge. Prerequisites: restricted to undergraduates. Graduate students will be allowed as space permits.

Steve Software is the Owner/Software Engineer at Imagine Group, and the San Diego Regional Manager at CODE. Mr. Software received his bachelor’s degree in Computer Engineering from the University of California, San Diego (1996) and he received his master’s degree in Technology from the University of Advancing Technology (2009). He has several years of industry experience and has previously held other academic titles, including Lecturer at UCSD (Spring 2016) and Adjunct Professor at University of Advancing Technology (2010-2015). Mr. Software’s evaluations are included in the file. Although his CAPES were low in 2016, he has since gained more teaching experience. The department has assigned Professor Smith and Professor Gold as joint faculty mentors to support Mr. Software in his teaching. Professor Smith will help him with guidance about teaching at UCSD, including classroom observation, and Professor Gold will share class materials and experience for lower-division programming classes. His 2016 CAPE response rate was only 33%, so the department will suggest that Mr. Software provide classroom time for students to complete their evaluation.

   - Provost (College Programs)
   - Divisional Dean (Interdisciplinary Programs)
3. Request must include full name for faculty being proposed
4. Referee’s history and length of association with the faculty being proposed
5. Reasons and detailed qualifications for recommendation
6. Referee signature
7. Referee name, title, and department

Note: The reference letter should justify why the candidate is qualified to teach the course.

Re: Appointment for Betty Triton as Lecturer

To Whom It May Concern:

I am writing to enthusiastically support the application of Betty Triton as a lecturer. Betty is currently a senior graduate student in my laboratory. She joined my group five years ago, and will defend her thesis in about a month, March 2019. Her work presents a new model for how adrenergic stimulation in brown adipose tissue becomes relayed into transcriptional changes in the nucleus. Betty has tackled all aspects of her thesis work, whether technical or intellectual, with determination and successfully. She has been recognized with awards and scholarships. A manuscript on her main project will be submitted this coming month. She has already co-authored one study and I expect at least one more manuscript to come from her work in 2019. She is an exceptional student, among the best I have seen in many Universities and Institutes where I have been, and I am confident that she will excel as a scientist, teacher, and mentor.

During her Ph.D. thesis, Betty was also teaching assistant for three graduate courses and participated in mentoring programs for high school students. She was outstanding in these activities. She engaged the students, directed work and/or class, and had great insights into what worked well in teaching. While doing this teaching or mentoring, which was her own calling and not required by our institute, she never let such activities keep her away from the bench, a testament to her ability to work had and multitask. Moreover, at a personal level, Betty is a delight to work with. She is mature, independent, and resourceful, knowing when and where to seek advice and help. She expresses her opinions in an engaging way and enjoys being challenged. She strives for originality, works hard and undeterred and has a charisma for drawing others to comment and participate in her work. She is full of enthusiasm, has the right drive, and genuine interest in teaching and in science, an analytical and keen mind, creativity and perseverance. She multitasks with ease and does not lose her focus on the goals she sets.

In summary, I have no doubt that Betty will be an outstanding teacher. Please do not hesitate to call or email me if you have any further questions.

Yours sincerely,

Lisa Scholar

List only significant, independent reviews of the work—e.g., independent reviews or feature articles appearing in journals or online venues, major newspapers, books, or catalogs. Forms of review and venues may vary by department. *(Please do not include advertisements, brief mention of candidate’s name or work, event listings, minor blog chatter, or self-promotional or commercial items.)*

Section III - Bibliography

### A. PRIMARY PUBLISHED OR CREATIVE WORK

This section should include original peer-reviewed work that appears in the open literature and can be reasonably expected to be found in libraries outside UCSD, or an appropriately documented listing of creative endeavors such as performances or shows of artistic works. In addition to published work, this section may include items that are “in press” (i.e., accepted for publication in final form) or formally “accepted” (i.e., the publisher’s binding acceptance of entire corpus has been received). Such items should clearly indicate “in press” or “accepted” somewhere in the citation. Do not include items that have been submitted for consideration but have not yet been accepted. Materials associated with items in this section should be submitted with the file.

I. Original Peer-Reviewed Work or Listing of Creative Endeavors

II. Review and Invited Articles

III. Books and Book Chapters

IV. Refereed Conference Proceedings
B. OTHER WORK

This section should include other published or creative works that you wish to list to demonstrate scholarly activity. Materials associated with items in this section need not be submitted with the file. If you believe that a work is particularly important, please discuss it in your personal statement. Describe the activity, product, or outcomes and include metrics to demonstrate impact, value, or innovative qualities. The department may comment on work in this section as a basis for advancement.

I. Other Conference Proceedings
II. Abstracts
III. Popular Works
IV. Additional Products of Major Research

C. WORK IN PROGRESS

This section is optional and should include only items for which there is actual material that will be submitted with the file for review. This section is intended primarily for disciplines in which completion of scholarly work normally occurs over a lengthy period of time, and in which evidence of progress on a project is considered crucial for assessing a candidate’s accomplishments. Such evidence might include chapters of a major book or documentation of progress on a major work of art. This section is particularly important for appraisals of assistant professors. For other actions, use of the Work in Progress section is discouraged.

When an item is moved from Section C to either Section A or B, it should be annotated accordingly (e.g., “from Work in Progress”). Work may also be removed from Section C if it has been abandoned and is no longer in progress, provided that it has been listed in this section for two consecutive review cycles. (It is listed as in progress at one review, as abandoned at the next, and is removed at the third). Although a horizontal line should be used to indicate new items added, the items listed and the numbering scheme may be altered at each review, if necessary, and should be annotated accordingly.

Please accept the terms of this appointment within 10 days of this letter by replying to this email with the following statement: 

"I, Neville Longbottom, accept the terms of the appointment letter dated December 4, 2018 to teach PSYC 188." 

Course Salary and any Bonus (if eligible) will be calculated using the course enrollment on 8/12/19. See Figure A on page 2 for details.

Course Salary

- 10-14 students enrolled → Minimum Course Salary: $400/student, not to exceed $4,053
- 15 or more students enrolled → Maximum Course Salary: $4,053

* Calculated as 8.5% of $54,758, your UCSD annual teaching salary effective June 30, 2019.

Bonus: Enrollment

- 51-200 students enrolled: $20/student (51-200) + $10/student (201+)
- 201+ students enrolled: $20/student (51-200) + $10/student (201+)

You can earn a maximum of 33% (or 3/9) of your annual academic year salary during the three month summer period (July-September).

I am pleased to confirm your appointment to teach in the 2019 Summer Session at the University of California, San Diego. You are assigned to teach the following course in 2nd Session: PSYC 186, 4 Units. The period for which you are appointed is 8/6/19 - 9/7/19 (5 Weeks).

Normal compensation for one 4 Unit summer session course is 8.5% of your nine-month UCSD teaching salary as of June 30, 2019, to a maximum of $12,000, excluding any bonus. Compensation per course is calculated based on student enrollment. Summer Session takes two snapshots of enrollment to calculate your salary at the highest amount. Specific details are available at the 2019 Guidebook link referenced below.

In addition to the 8.5% of your annual UCSD teaching salary used to determine your per course (4 Units) compensation, University policy for summer compensation also specifies the total maximum compensation allowed for teaching Summer Session. The maximum is 33% (or 3/9) of an instructor's academic year salary for all activities engaged in during the three-month summer period. This includes any bonuses awarded based on enrollment, lab bonuses, mentoring, or any other bonus. It is the faculty member's responsibility to ensure that their combined research, teaching, and other sources of summer income do not exceed the limit.

If you want to cancel your teaching appointment, please contact your Department Chair by July 10, 2019. The department will contact Summer Session to decide if a new instructor can be assigned or if the course will be cancelled. If enrollment is fewer than 10 students on July 10, 2019, Summer Session reserves the right to cancel the course and your appointment to teach this course. Summer Session will notify you by July 15, 2019 if your course is cancelled due to low enrollment.

The 2019 Guidebook containing the policies and procedures pertaining to summer instruction is available at the Summer Session website: http://summersession.ucsd.edu/files/Guidebook.pdf

The terms and conditions of your appointment are set forth in the Memorandum of Understanding between the University of California and the University Council American Federation of Teachers, Non-Senate Instructional Unit. The agreement can be retrieved at: http://ucnet.universityofcalifornia.edu/abor/bargaining-units/ix/contract.html
Summer Session compensation is subject to state and federal taxes and all other deductions as required by law and University regulations. All offers of appointment are contingent upon documentation of employment eligibility in compliance with the Immigration Reform and Control Act of 1986. This appointment is subject to all rules and regulations of the University of California and UC San Diego.

Beginning March 22, 2019, information regarding course scheduling such as the days, times and location of your course can be viewed at http://TritonLink.ucsd.edu.

If you have questions, please contact Lisa Bargabus at (858) 622-5004, or summer-payroll@ucsd.edu.

I hope you have a pleasant and rewarding summer.
