Enrollment Authorization System (EASy)

The Enrollment Authorization System (EASy) had an update released to it this morning, Monday, November 13. In addition to the pre-authorizations that the system previously managed, this tool can now be used by undergraduate and graduate students in lieu of Add/Change/Drop Card approvals. EASy can be found at: <https://academicaffairs.ucsd.edu/Modules/Students/PreAuth>.

If you have any feedback or issues with the tool, please report them using one of the following options: 1. Use the "Provide Feedback" button on the right side of the screen within EASy (this will appear for all authorized users, and for instructors, but should not appear for students). 2. Email ats@ucsd.edu. This will automatically create a ticket in the ticketing system before it gets assigned to a programmer on the project.
